

MANDAMUS WRIT IS REFUSED IN LIPSTICK CASE

Judge Refuses to Order Board to Reinstall Miss Pearl Pugsley; She Files an Appeal.

(By The Associated Press.)
Corning, Ark., April 13.—Although he held last night that the rule of the school board at Knobel, forbidding girl students from using face powder was unjust, Circuit Judge W. W. Bandy, in a decision late today refused Miss Pearl Pugsley's application for a writ of mandamus to compel the school board to readmit her to high school following her dismissal last September for using talcum powder on her nose.

Pugsley's dismissal was not authorized by the board, and was the personal action of N. E. Hicks, principal of the Knobel high school.
Miss Pugsley immediately filed an appeal to the state supreme court, and it was granted.
"I will fight this case to the limit," she said.
Professor Hicks announced he would resign as principal of the school when the present term concludes the middle of next month. He will enter business, he added.
Miss Pugsley's dismissal followed promulgation of a rule by the school board against cosmetics, peck-a-boos, waists and short skirts.

A \$65,000 CONTRACT FOR PUEBLO PAVING WON BY LOCAL FIRM

The New Mexico Construction company has received the contract to pay 22,000 square yards of street in Pueblo, Colo., according to an announcement made yesterday. The paving will be built on a crushed stone base. The contract price is \$65,000. Work on the paving will be begun as soon as possible. This is the sixth contract of the local firm since the beginning of the year.

FRENCH SAVES DAY FOR Y. M. BY \$2,500 NOTE

Helps Out in Emergency by Signing Note for Current Needs of Association; Campaign Continues.

In a speech before the Rotary club at its regular weekly luncheon at the Alvarado yesterday noon Rev. Frank F. McGuire of the First Methodist church made public the fact that Chester T. French had given his personal note for \$2,500 to the Y. M. C. A. to take care of its most pressing current needs. Mr. French's action, which was voluntary and unsolicited, was taken yesterday after it had become evident that the affairs of the Y. M. C. A. were in a critical condition and that it would be necessary to arrange immediately for taking care of its most pressing obligations.

The Y. M. C. A. campaign for \$17,000 will begin next Monday under the leadership of Reuben D. Perry, Sidney M. Well and Allen E. Bruce. The leaders expect to complete their job in four days. Mr. McGuire pointed out in his address that the fact that the Y. M. C. A. was expected to operate at a deficit was explained to Albuquerque when the building was erected eight years ago. He told Rotarians that the Y. M. C. A. to do its most good for the city must be run on a basis that enables boys of moderate means to benefit by its various departments. He said that to charge full value for the services rendered by the Y. would defeat the very purpose of its organization.
"When the Y. M. C. A. building was erected Albuquerque was told that an operating fund of \$5,000 a year would have to be raised by subscription for its maintenance," said Mr. McGuire. "Nothing like this amount has been raised during the past several years and the result is a deficit of about \$14,000. The coming campaign is designed to raise this amount and completely clear the indebtedness, and also about \$3,000 for current operating expenses."
Mr. French said late yesterday that his action was a result of the necessity of putting the Y. M. C. A. on a pay-as-you-go basis. He said that the coming campaign would do it and that in the future it would be easy to keep it so.
Mr. McGuire closed his Rotary address with a ringing appeal for aid for the Y. He reviewed the past work it has been doing for hundreds of men and boys, pointing out the influence it has exercised and is exercising on the moral and physical welfare of the community. He showed that its work co-operated closely with the boys' work undertaken by the Rotary club here and throughout the country, and urged Rotarians to take an active part in the effort to put the association back on a sound financial basis.

STOLEN TRUNKS ARE BEING ROUNDED UP BY LOCAL POLICE

Trunkitis is troubling some one in Albuquerque. Three trunks have been stolen during the past two days. The collector does not seem to be after any particular type. Anything from the latest wardrobe creation of non-breakable construction to one of cardboard seems to be desirable.
Police located a trunk belonging to Arthur Chamberlain, 604 North Thirteenth street, before Mr. Chamberlain discovered his loss. Another empty one was found and at least one full one is still missing.

Answers to Questions.

(Any reader can get the answer to any question by writing The Albuquerque Journal Information Bureau, Frederic J. Haskin, Director, Washington, D. C. This offer applies only to information. The Bureau cannot give advice on legal, medical, and financial matters. It does not attempt to settle domestic troubles, search on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. What is the name of the tree that bears a curse? W. S. G. A. The Forest Service says that tree which you have in mind that bears a curse is known as the "Judas tree." This is a genus of trees of the Leguminosae family, so named from the tradition that Judas hanged himself on one of them.

Q. Who were the four Admirals in the United States Navy? K. D. L. A. The Navy Department says that there have been only three full admirals in the United States Navy to date. The first was Admiral Farragut, who was appointed when this rank was established on July 25, 1886. The other two were Admirals Porter and Dewey. Of these the latter received an even higher rank, having been granted the title of The Admiral of the Navy, which has been granted to no other man.

Q. What city in this country leads in the manufacture of laces? E. B. A. The city of Taunton, Mass., is the great lace-making center of the world.

Q. Is there any country in which the wife does not take her husband's name upon marriage? L. B. A. In most nations the wife changes her surname on marriage to that of the husband, but in Spain she retains it and the son may adopt either the maternal or the paternal name.

Q. What does the term Mardi Gras mean? G. H. C. A. Mardi Gras, literally translated, means fat Tuesday. It was so-called from the French practice of parading a fat ox (boeuf gras) on the day before Ash Wednesday.

Q. Is Gertrude Atherton related to Benjamin Franklin? W. O. E. A. Mrs. Atherton is a great grand niece of Benjamin Franklin.

Q. Who said "the way to resume is to resume"? G. H. C. A. The exact quotation is "The way to resume is to resume," and is contained in a letter written by Salmon P. Chase to Horace Greeley on March 17, 1866.

Q. Will you please publish the formula for White House paint? W. B. S. A. The paint used on the White House is made of 70 per cent French white zinc. Sufficient raw linseed oil is added to make the paint of proper consistency.

Q. Give a short sketch of Hippocrates? G. E. E. A. Hippocrates was a Greek physician, named the "Father of Medicine." He was born on the island of Cos, 460 B. C., died in Thessaly 357 B. C. He was the author of many valuable writings on the science of medicine and was the first to put aside all traditions and superstitions and base the practice of medicine on the study of nature, without reference to religion or other matters. He was said to be a master of clinical research and the originator of a system of diet and regimen for the cure of illness. He was also a great believer in the benefits of climate, suited to the temperament of the patient.

Q. Where are the Calico mountains? R. F. F. A. The geological survey says that the Calico mountains are about five miles from Daguerre, San Bernardino county, California.

Q. How long has wood engraving been known? P. C. C. A. Wood engraving was invented by Cuneo, an Italian, about the year 1285.

Q. More business in government result better? A. The ecological survey says that the Calico mountains are about five miles from Daguerre, San Bernardino county, California.

Q. How long has wood engraving been known? P. C. C. A. Wood engraving was invented by Cuneo, an Italian, about the year 1285.

NEW BUILDINGS PLANNED FOR WEST CENTRAL

Keleher and Chavez to Erect One Story Brick Structures Between Fourth and Fifth; Neher Buys Block.

Two more office and store buildings are to be erected on Central avenue between Fourth and Fifth streets, it was announced yesterday. The frame building at 405 West Central avenue, occupied by the Keleher Leather company, will be replaced by a one-story brick structure, which will be occupied by the Keleher firm. The new building will be 100 by 25 feet. The construction of the building will be such as will allow the Keleher firm to continue its business during the building of its new quarters. E. A. Gertig has the contract for the work.

Melton Chavez will erect a one-story brick building of the same size east of the Keleher property. Wallace Hesselton has been engaged as contractor. The two buildings will cost about \$10,000. The L. A. Grant property at 313-315 West Central, was sold by the P. E. McCannan agency Wednesday to Frank A. Neher, of Albuquerque, for a sum said to be near \$60,000. The lower floor of the building, which has a fifty-foot frontage, is occupied by the Kistner-Collier Dry Goods company. The upper floors are occupied by the Milner studio and offices.

City Engineer Frank Kimball yesterday granted a permit for an adobe house at 321 South Second street to C. H. Taul.

SAYS CALOMEL SALIVATES AND LOOSENS TEETH

The Very Next Dose of this Treacherous Drug may Start Trouble

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crumbles into sour like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.
If you feel bilious, headachy, constipated and all knocked out, just go to your drugstore and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.
Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.
